From the business

Specialties

Whether you're just visiting us for a few hours or a few weeks, we're happy to have you here at the Hamilton Heights Hotel located in Hamilton Heights. Like the ever-changing community around us, our hotel is continuously upgrading, and we can't wait to show off our new interiors. Though our rooms may have changed, we're as friendly, clean, and safe as we ever were. Above all else, we love providing a service to our community, and we'll always seek to reflect and honor the culture around us. We are the low cost Manhattan hotel.

History

Built in 1920-30s

Single occupancy hotel rooms until 2022

Bought by the AIDS Healthcare Foundation

Affordable housing for single adults

Established in 1996.

We've been a staple of the community for more than a few decades, but we've recently undergone some changes. Now, we're a bit more modern, and a bit more stylish, but we're still comfortable, safe, and friendly.

Meet the Manager

Arlene J.
Manager

Arlene aims to provide a comfortable stay for all of his guests, no matter how long they're here. From the clean and comfortable rooms to the continental breakfast, it's all in the details, and Arlene has the details covered.

Further questions...

The hotels seem to have been operated very differently, were they operated by the same owner?

Is there any record/history of the the people who lived there before 1996?

What is the exact mission of the affordable housing program?

What was on the site before 1920?

How does the idea of the LA based AIDS Healthcare Foundation providing affordable housing in Harlem especially considering how marginalized d Harlem was during the HIV/AIDS epidemic.

What qualifies people for the housing units, do you have to live in Harlem already?

How has the lot acted as an indicator of the surrounding economy, especially as far as real estate market value?
